

Staying Safe a refresher course for older drivers

The Staying Safe course is designed to help improve the road safety of seniors.

During the course you'll re-familiarise yourself with traffic rules and safer driving practices as well as increase knowledge about other transport options available to help keep you mobile for as long as possible. You will also receive information about the process of renewing your licence at 75 years of age and beyond. In addition a pack of resources is provided to take home. The course is free thanks to Waka Kotahi and Age Concern.

The next course in Palmerston North is on Wednesday 21 February from 9.30-1pm. Numbers are limited so you'll need to register for the course by Monday 19 February. Please contact Age Concern 06 3552832 for further information and venue details.
